#### DETAILED ACTION

Claims 1-37 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's argument is persuasive that the prior art does not provide a personal cache on the network for each user storing content browsed by that user, and in response to a elapsed period of time transmit the user frequently visited content to a cache in the wireless terminal as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
